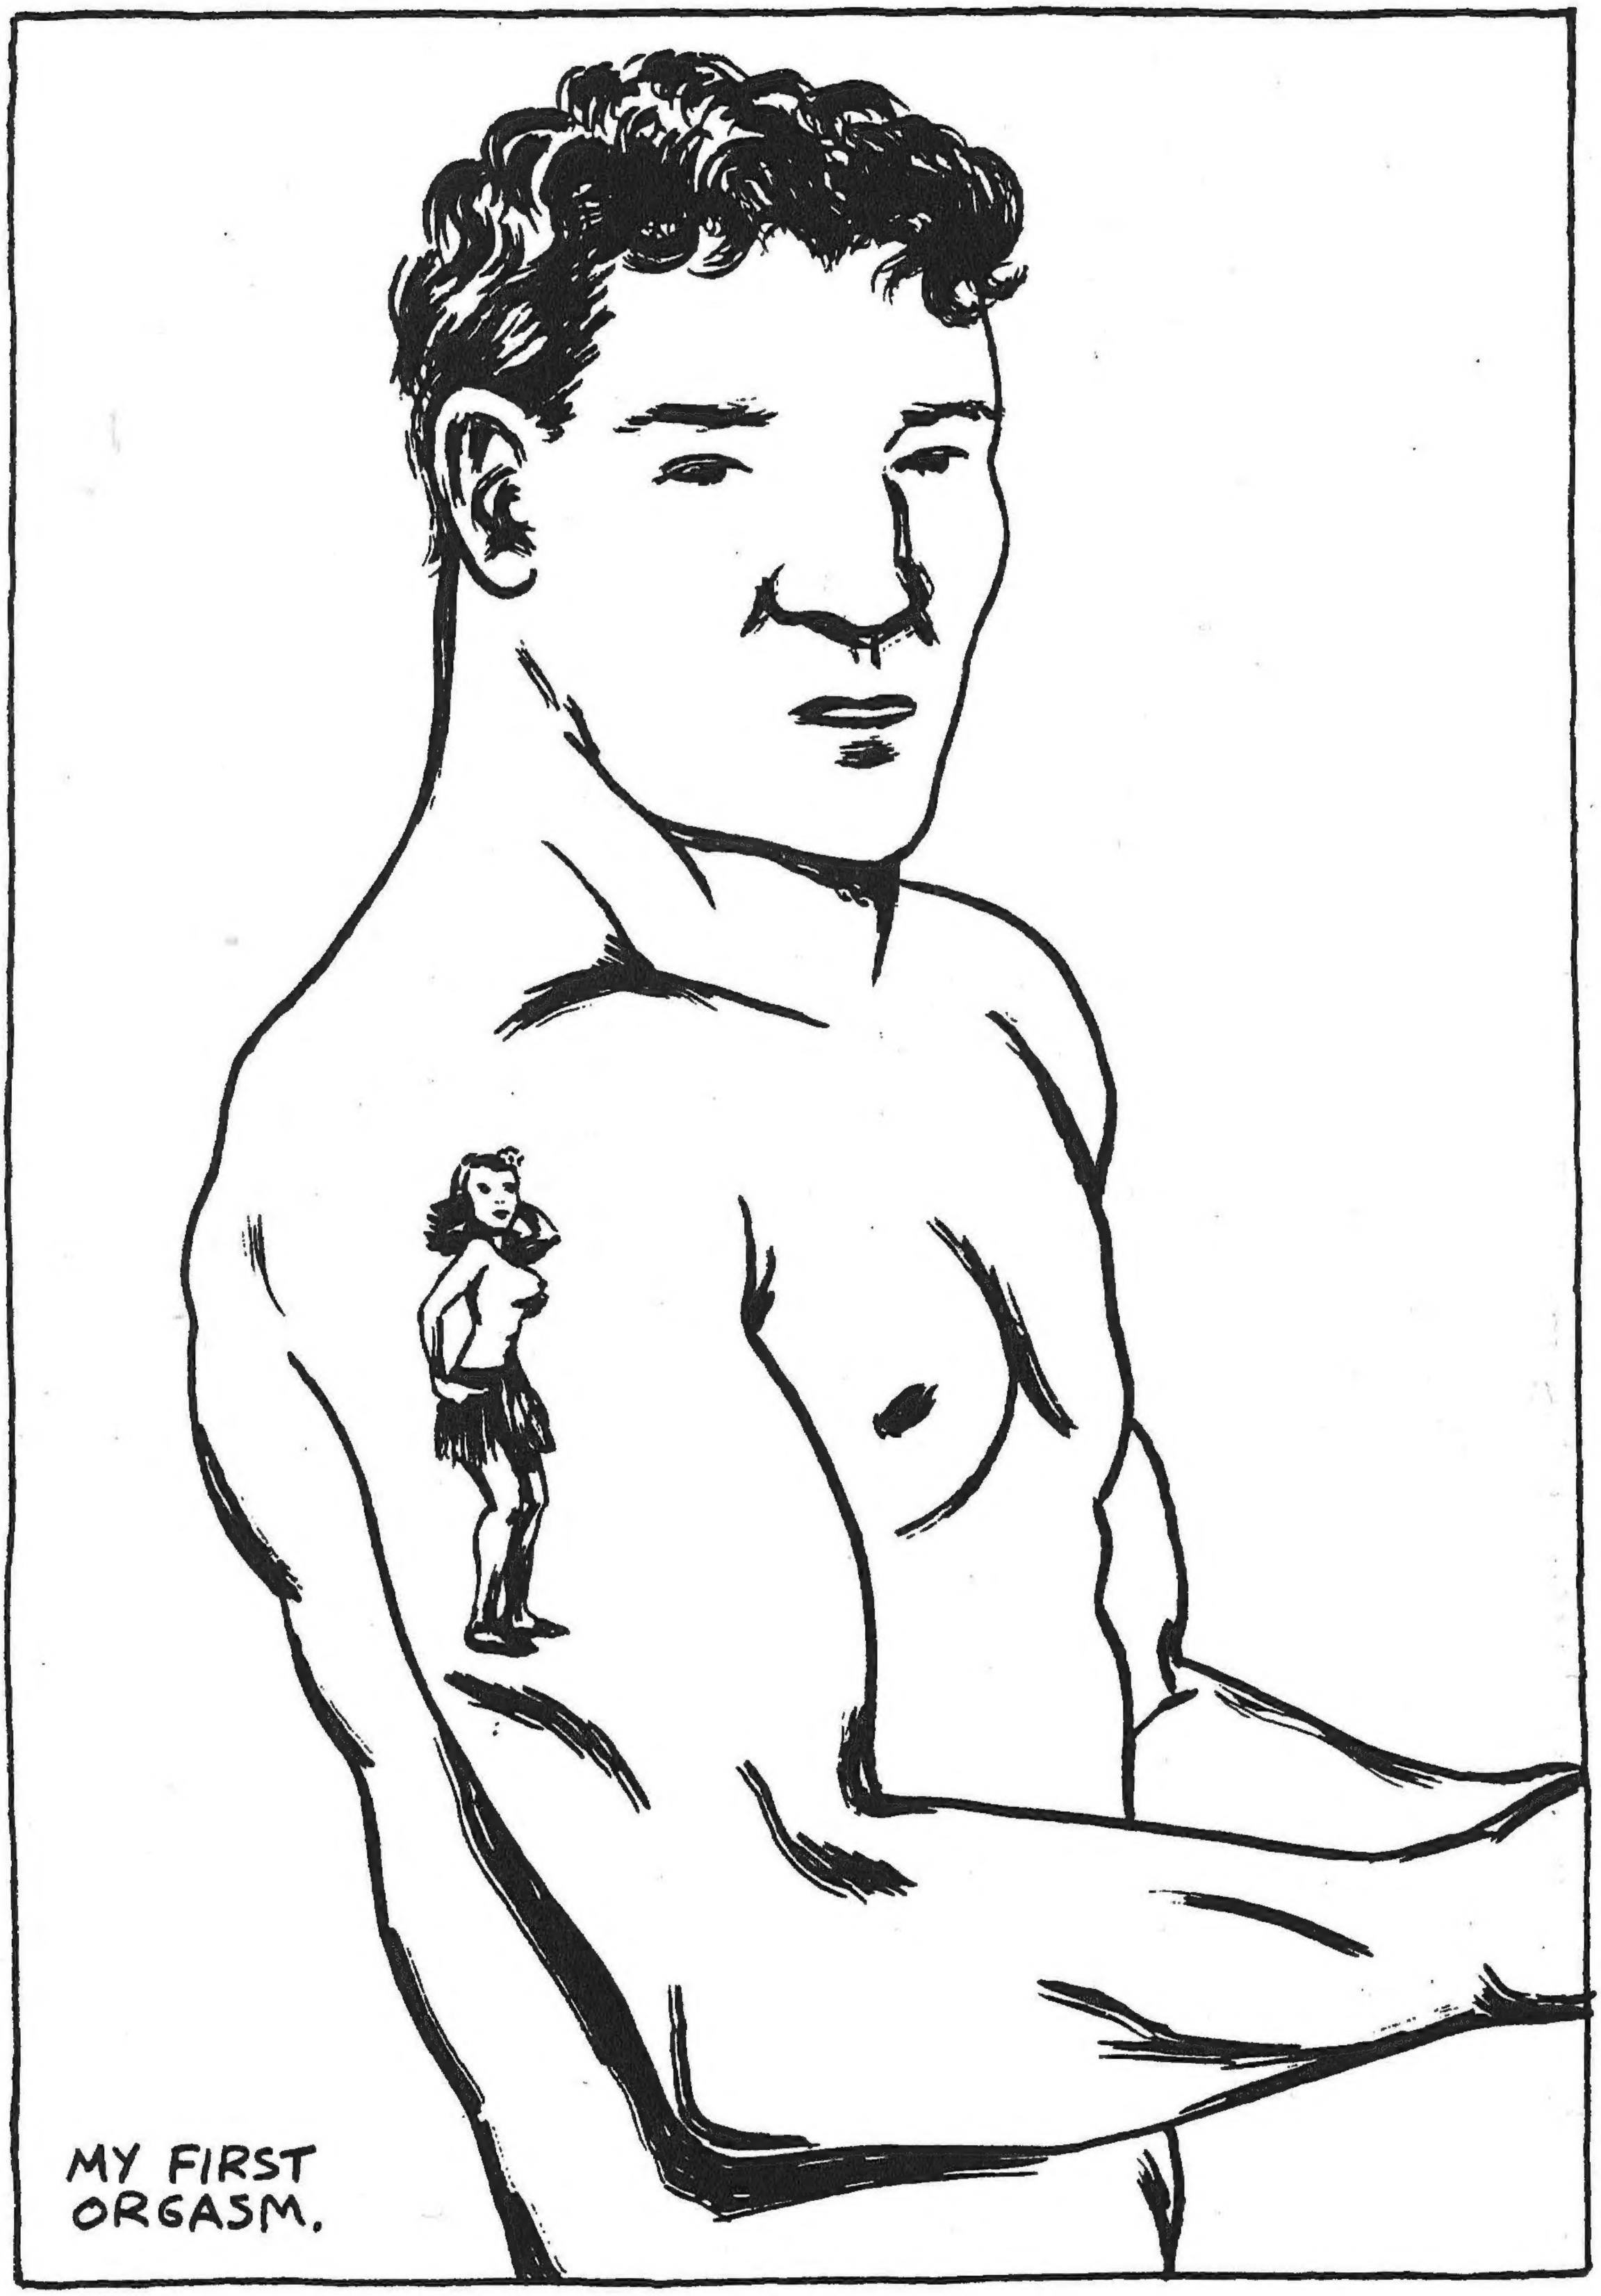
"DA VINCI, MICHELANGELO, TCHAIKOVSKI..."



MY FIRST ORGASM.

"I just couldn't take another day of it, mother. I just... don't have what it takes to follow in father's footsteps. The other policemen made fun of me because no matter how hard I tried I couldn't grow a little moustache like they all have. They made jokes that I was a homosexual, mother, that I was less than a man. I had to quit."

"I saw you orally copulate Officer Retzlaff behind the lockers. I'll swallow the news, but... why don't we both forget all about all those burglaries and coke deals when Internal Affairs comes along."

ANGEL DUST

"I'm more anti-anti-communist than anti-communist. I don't admire (anymore) Joe Stalin, but I'm absolutely livid about Joe McCarthy. Yes, I work in the State Department."
